

Understanding & Managing Parkinson's Disease

A Program for Healthcare Professionals

*Two VHS cassettes and
handout, \$30.00 per set.*

Run Time: 3 hours

This three-hour educational program offers specialized training for clinicians including physicians, nurses and allied staff in the treatment and management of people with Parkinson's disease. The program consists of six, 30-minute educational modules. The topics include an overview of Parkinson's disease, medical management, rehabilitation strategies, cognitive and behavioral changes, surgical intervention and research.

The program was developed by the Parkinson's Disease Research Education and Clinical Center (PADRECC) network within the Veteran's Health Administration, the Employee Education System (EES), and the Virginia, Western Reserve, Mountain State and Pennsylvania Consortia of Geriatric Education Centers.
