

Dr. Willenbring from NIAAA Presents on Addictive Disorders

Dr. Mark Willenbring, Director of the Division of Treatment and Recovery Research, National Institute for Alcohol Abuse and Alcoholism (NIAAA), will present two satellite broadcasts exclusively for VISN 16. He will discuss “**Disease Management for Addictive Disorders**” on September 29, 2005 and “**Implementing a Continuum of Care for Addictive Disorders**” on October 13, 2005. Following each satellite broadcast, Dr. Willenbring will be available via VANTS to take questions live. Both programs are credited by EES. See attached flyer for more information.

Education Grant Proposals Due August 12

Proposals for MIRECC Clinical Education Grants are due by close of business August 12, 2005. Proposals should be sent to Randy.burke@med.va.gov. All proposals are reviewed by a panel of experts. Reviewer feedback can be expected by the end of September. Most applicants are asked to make some changes to their proposal and/or budget and to resubmit their proposals. Funding awards are expected to be announced by the first of December.

For more information about this program, contact Randy Burke, PhD, Education Grant Program Coordinator, at Randy.burke@med.va.gov
