

Acknowledgements

Prevention and Management of Disruptive Behavior (PMDB) education and training has evolved in VA for the past 20 years and is the result of both the knowledge and experience of many professionals. The current PMDB manual represents the time and energy generously contributed by many individuals. I wish to acknowledge the outstanding contributions and express my gratitude and appreciation to the following individuals for helping to create the safest possible environment in which our veterans receive treatment and in which our staff works.

CPT. Jessica Arens, RN

J. Sid Davis, Ph.D

Mike Dvorak, MSW
