1. This letter announces the 2007 David M. Worthen Award for Academic Excellence. The Veterans Health Administration (VHA) is recognized nationally as a leader in the education of health care professionals. This contribution was greatly enhanced through the dedication of the former head of Academic Affairs, the late David M. Worthen, M.D., whom the award commemorates.
2. The award may be given annually to recognize a VHA employee who has made a major contribution of national significance towards education in the health professions. The recipient receives a plaque and a cash award of \$5,000; a plaque also is presented to the facility at which the recipient is employed.
3. Facility Directors should submit their facility nominee(s) to the Chief Academic Affiliations Officer (14), Department of Veterans Affairs, Veterans Health Administration, 810 Vermont Avenue, NW, Washington, DC 20420. Each facility may only submit one nomination.
4. In order to be eligible, the nominee must be currently employed at least 5/8-time in VHA as of the application closing date of April 30, 2007. Nominees may be employed in any health profession. When the contribution is a collaborative effort of two or more individuals, then all relevant individuals may be nominated as a team. Previous nominees are encouraged to reapply. Updated nomination packages are required for previous nominees.
5. The following materials should be submitted as the nomination package:
  - a. A current curriculum vitae, resume, or other summary of education and pertinent work history.
  - b. Letters of support including comments on the nominee's contributions to the educational mission of VHA. These letters of support may come from the Academic Partnership Council, facility Education Committee, Director, other Department of Veterans Affairs (VA) medical centers, Veterans Integrated Service Network (VISN), and/or VHA Central Office Program Offices. Letters of support from non-VA sources are also encouraged.
