Eligibility

All honorably discharged men and women who meet eligibility criteria can receive full VA medical benefits. Some veterans, depending on income, may be required to make a co-payment for health care services.

How Do You Enroll?

Complete the Application for Medical Benefits, VAF 10-10EZ. It is short, can be completed in 10-15 minutes and it's available at the clinic. Please provide a copy of your DD-214 or honorable discharge certificate. You will appreciate the warm, caring attitude of the VA staff who pledge to provide you with courteous service.

Visits Require An Appointment

Call the any week day between 8:00 a.m. and 5:00 p.m. at 518-943-7515. Our medical staff will provide you with an initial evaluation and future follow-up outpatient visits.

What Services Are Available?

The Columbia/Green VA Outpatient Clinic offers a full range of primary care outpatient services to veteran men and women in Catskill and the immediate surrounding areas.

Patients are seen on an appointment basis only. This will help us ensure you receive the timely services you deserve. VA nursing staff will be available to assess your needs and ensure you'll get access to the care you need, when you need it.

You will be able to receive an annual physical examination or appropriate health screening, immunizations, medication and any follow-up care required by your primary care practitioner.

Should you require specialty services or inpatient care, you will be referred to the VA Medical Center for appropriate treatment.

If you need inpatient care at a VA not close enough for you and your family to commute to and from your home, accommodations are available in each VA Medical Center. They provide a place for the veteran and caregiver to stay at no charge except for meals for the caregiver.

Mental Health

Maintaining good mental health is a responsibility that we all share. At times during our lives, we need assistance to manage the stress and problems that can be overwhelming.

The Mental Health Practice in Catskill offers individual and group counseling to veterans who have problems related to depression, anxiety, family issues or chronic problems of mental illness. Also, wellness workshops are offered on the topics of anger management, stress management, bereavement, sleep hygiene, parenting skills, and memory enhancement.

Please ask your VA primary care provider for a referral to the mental health services offered.

HANDICAPPED ACCESSIBLE
