1. PURPOSE. Leadership VA (LVA) is designed to identify approximately 78 leaders in the Department of Veterans Affairs (VA) who exhibit leadership talent and potential and to enhance their career development through an intense leadership training experience. The program includes an opportunity for participants to expand their leadership skills by meeting with VA’s top leaders and developing keener insights into the internal and external forces that affect the Department. LVA also provides for an exchange of information and viewpoints which will broaden their perspectives and create a network of VA leaders who share a common commitment to VA and to public service in its broadest sense. The program’s mission is to enhance:

   a. Critical thinking skills;
   
   b. Ability to work collaboratively and effectively to solve problems with colleagues from diverse disciplines and backgrounds;
   
   c. Understanding of the national issues that VA must solve now and in the future;
   
   d. Ability to break down organizational barriers between and among the Veterans Health Administration, Veterans Benefits Administration, National Cemetery Administration and supporting staff offices to reach common goals;
   
   e. Networking skills in order to ensure individual and organizational success.

LVA participants will leave the program with a well-developed understanding of VA, its component organizations, and tools which prepare them to lead in multidisciplinary settings to accomplish the strategic goals of the Department.

2. GENERAL. Under Secretaries, Assistant Secretaries, Other Key Officials, Deputy Assistant Secretaries, and field facility Directors are responsible for the following actions:

   a. Ensuring that the program is called to the attention of all employees who occupy non-temporary, fulltime positions at or above grade GS-13 and equivalent Title 38 levels (includes Veterans Canteen Service employees). Additionally, field facility Directors are required to ensure this announcement is prominently posted for a minimum of 30 days. Title 38 equivalency to GS-13 for purposes of qualifying for LVA are defined by VA occupation as: Nurse - Grade IV; Physician; Dentist; Podiatrist - Intermediate; Optometrist - Intermediate; Chiropractor – Intermediate; and Physician Assistant - Chief.

   b. In keeping with the Department’s strong commitment to diversity, supervisors are urged to identify qualified minority, female, and disabled employees and encourage them to apply.
In light of VA’s significant investment in the LVA program, selected LVA participants are encouraged to remain with VA for 5 years after graduation.

3. APPLICATION CRITERIA

a. Any employee occupying a position at or above grade GS-13 and equivalent Title 38 levels may apply. LVA seeks individuals from all elements of VA who are having or who may have significant impact on the future of the Department. Applicants should be high achievers who have demonstrated leadership, success, career progression, and who are active contributors to the community of which they are a part.

b. Because of the limited program capacity (approximately 78 participants), competition will be keen. Those who believe personal or work considerations will necessitate their missing a program session, or large portion thereof, should not apply this year.

4. TRAVEL FUNDING AND EXPENSES. As agreed by the VA Education and Training Board, sponsoring offices in VA Central Office (VACO) will pay travel, lodging, and per diem for their participants, except for VHA participants. Based upon decentralization of VHA travel funds, VHA sponsoring facilities are expected to provide travel funding for their LVA participants. Applicants are advised that if they are selected, each LVA participant is required to contribute incidental fees for each one week session of LVA. These fees, which cover networking center operations, average $15 - $20 per weeklong session and are non-reimbursable by travel vouchers. Additional fees, as appropriate for optional events or activities not covered by appropriated funds, may also be required.

5. APPLICATION PROCEDURES. Any eligible VA employee may submit an application. The procedures for obtaining, completing, and submitting applications are:
