   (2) Are licensed to provide child care services in the state or location in which the child care center operates;

   (3) Provide care for more than six individuals (other than individuals who reside at the child care center); and

   (a) All-day care;

   (b) Before and after school care;

   (c) Before school care; or

   (d) After school care.

   [(2)] Parents who provide child care service for their own child(ren) as defined under the definition of child are not considered to be qualified providers under the VA Child Care Subsidy Program.

k. **Qualifying Services**

   (1) Qualifying services are services:

   (a) Performed outside the home of the participant, or at a qualifying child care center, or licensed family child care home for the care of a qualifying child or qualifying dependent of the participant.
(b) Performed to enable the participant and participant’s spouse to remain gainfully employed; and
(c) Performed for the primary purpose of assuring the qualifying child’s or qualifying dependent’s well being and protection.

(2) Qualifying services do not include services performed at a camp where the qualifying child stays overnight.

1.] Spouse. The husband or wife of an employee. Individuals who are legally separated are still considered to have a spouse.

[m.] Total Family Income. The employee’s (and spouse’s, if applicable) adjusted gross income reported on Internal Revenue Service Form 1040 or 1040A.

[n.] VA Child Care Subsidy Program. The program that authorizes the expenditure of VA funds to assist lower income VA employees with their child care costs, including such activities as: determining which employees may receive a subsidy and the amount of the subsidy; distributing VA funds to qualified providers; and tracking and reporting information such as total cost and employee use of the program to OPM.

5. CHILD CARE PROVIDERS

a. Child care providers must be licensed [to provide child care services in the state or location in which they operate].

b. Coverage applies to child care providers in the United States and in overseas locations.

c. Some foreign countries and localities have their own set of regulations for child care. If a country or locality requires that child care be regulated, local licensure or proxy for licensure may be accepted. If foreign countries and localities do not regulate child care, contact OHRM Worklife and Benefits Service for guidance. VA may choose to pay the employee directly if the provider deals only in foreign currency. In unique circumstances, VA may obtain written permission from OPM to pay the subsidy directly to the employee.

d. Employees may choose among accredited and non-accredited [licensed] child care providers to ensure the widest possible choices in child care providers.

e. Subsidy payments are made directly to the child care provider unless an exception is granted under subparagraph c above for an overseas location.

6. ELIGIBILITY

a. Eligibility. Full-time and part-time VA employees are eligible to participate if:

(1) The TFI is within threshold provided on the VA Child Care Subsidy Program Web site; and
(2) The child care provider is licensed [to provide child care services in the state or location in which they operate].

b. **Exclusions**

(1) VA employees whose TFI exceeds the VA threshold are not eligible to participate in the program.

(2) A subsidy cannot be awarded by more than one Federal agency. When more than one parent works for the Federal government, only one parent may receive the subsidy.

[(3) The benefits from the VA Child Care Subsidy Program will be reduced by the amount of other state or local child care subsidies received by the participant. Employees are responsible for determining whether acceptance of the VA child care subsidy benefit affects their eligibility for child care subsidies from any other source.]

### 7. PARTICIPATION DETERMINATIONS

a. **General**

(1) Approval to participate in the VA Child Care Subsidy Program does not constitute a financial arrangement with the employee or the employee’s child care provider(s). Employees are responsible for the payment of their total child care costs.

(2) The employee’s (and spouse’s, if applicable) TFI will be used to determine the percentage of total child care costs paid by VA. Waivers will not be approved to reduce the TFI for any reason. [ ] If an employee disputes the [percentage for payment] determination, the ADAS for OHRM will be the ultimate determining authority in resolving the issue.

(3) VA may change the maximum monthly subsidy amount and/or the percentage of total child care costs paid by VA at any time. VA will provide at least 30 days advance notification to employees prior to changing the monthly subsidy amounts and/or percentages.
